

Proformas for document audits for individual schools

The following proformas (A to D) list the documentation that a non-government school must maintain during any period of registration in order to demonstrate compliance with the requirements for registration and accreditation.

Proforma A: requirements for registration and accreditation

Proforma B: requirements for schools with boarding facilities

Proforma C: requirements for approving an outside tutor and/or accessing an external provider

Proforma D: requirements in relation to school annual reports

The requirements for registration and accreditation are detailed in the *Registered and Accredited Individual Non-government Schools (NSW) Manual* ('the Manual').

By listing the required documentation as detailed in the manual, the proformas provide a useful checklist for schools undertaking a self-review or document audit process. They aim to assist a school to identify the policies and procedures currently in place at the school to meet the requirements. Once completed, the proformas provide a record of the location of these policies and procedures.

The proformas are intended to supplement, not replace, the Manual. The Manual provides a full description of the requirements.
