

## **Proformas for document audits for individual schools Initial Registration and/or Accreditation**

The following proformas (A to E) list the documentation that is required in order to demonstrate compliance with the requirements for initial registration and/or accreditation for a new school, an existing school applying for new Year(s) of schooling or initial accreditation for the RoSA and/or HSC.

Proforma A: requirements for registration and accreditation

Proforma B: requirements for schools applying for boarding facilities

Proforma C: requirements for approving an outside tutor and/or accessing an external provider

Proforma D: requirements in relation to school annual reports

Proforma E: requirements for distance education

The requirements for initial registration and accreditation are detailed in the *Registered and Accredited Individual Non-government Schools (NSW) Manual* ('the Manual').

By listing the required documentation as detailed in the manual, the proformas provide a useful checklist for schools undertaking a self-review or document audit process. They aim to assist a school to identify the policies and procedures that will demonstrate capacity to comply in order to meet the requirements of the Education Act, should the applicant be successful. Once completed, the proformas provide a record of the location of these policies and procedures.

The proformas are intended to supplement, not replace, the Manual. The Manual provides a full description of the requirements.
